You're the best ever 😊. You guys are doing an awesome job.

You're Awesome! Thank you very much!

To Whom It May Concern,

I would like to personally recommend ACUTRAQ and their associates for any all business ventures they would like to pursue. We were using Appfolio for all of our tenant screening and switched over to ACUTRAQ because of their thoroughness and professionalism. They offer everything Appfolio has to offer plus additional services including employment verification and rental history. This allowed us to offset labor and use those resources in other areas. The level of communication and follow through with their company always exceeds our expectation and we are glad to call them an extension of our business.

Thank you so much Sarah!! You're AWESOME

Thank you,

After 30+ years of performing tenant background screening in-house, Hoffman Realty decided it was time to outsource them to a company whose primary expertise is performing tenant screenings. After getting recommendations from fellow NARPM members and interviewing the providers, we selected Acutraq. We have been using them now for about 6 months and are very happy with their services. Their online application process is smooth and easy and their staff is professional, kind and helpful to our applicants. Their screening reports are comprehensive and thorough. Best of all they have a super responsive leadership team (thank you Juan) that immediately addresses any concerns.
